INDEX.

ABNEY, Capt., and Festing, Major-General, on photometry of the glow lamp, 608, 635
Accident on the Blackpool Tramway, 219
„ The Chevington railway, 625
„ The Hexthorpe, 306, 329, 601
„ with the electric car system, 169
Accidents, Fatal, from electric shocks, 382, 650
„ in mines, 405, 544
„ Railway, 249
Accounts of the Inventions Exhibition, 195
Accumulator, An efficient, 325
„ Tamine's, 88
„ Desmazures', 422
Addenbrooke, G. L., on shocks from alternating currents, 338
„ „ „ Westinghouse system of electric lighting, 464
„ „ „ on wiring, 651
Adelaide Jubilee Exhibition, 293, 373 493, 518, 620
Admiralty contracts, 323
Advertising, 244
Aesthetic town councillor, 194
Affairs of W. E. Irish, 494
Alleged perpetual motion, 284
Allin's water motor, 392, 405
Alternating current machines, 526
„ currents, Safety of, 350
„ „ Shocks from, 338
Aluminium, Attempts to obtain, by the dry way, 75, 99, 131
„ Production of, 169
„ salts, Electrolysis of, 4, 29, 52
„ steel, 297
American Bell Telephone Company, 667
„ electric railways, 640
„ „ lighting system in Australia, 667
„ Government telegraph system proposed, 566
„ Institute Electrical Exhibition, 138, 373
„ National Electric Light Association, 219, 238, 266, 292
„ notes, 586
„ system of arc lighting, 515
„ telephone patents, 119, 395
Ampère and voltmeters, Imhoff's, 298
Analysis of dynamo design, 463
Another plea for technical training, 192
Antifriction alloy, 595
Antwerp Exhibition, 243
Application of the deciampère or the centiampère to the determination of the electromotive forces of voltaic cells, 575
Arbitrary central station company, 225
Arc lamp, The Luther, 486
„ lamps, Small, 544
„ lighting, American system of, 515
„ „ in America, Price of, 516
Armstrong's Electric Light and Power Company, 549
Army signalling, The electric light and, 196
Athletic sports, Telegraphists', 196
Atlantic cable differences, 406, 446, 619
„ „ rates, 169, 196, 267, 468
„ „ repairs, 217, 242, 639
Augustus Harris and fire precautions in theatres, 349
Austrian Bell telephone patent annulled, 575
Automatic cut-out, 117

BALLOON signalling, 518
Barnacles, Electro-deposition of, 620
Battery, Case's, 283
„ D'Humy's, 98, 297, 406, 421
„ Disher's, 626
„ Eclipse, 73, 130, 146, 153, 167, 169, 178, 196, 243, 430, 454
„ Liepmann, 417, 502, 519
„ Maiche's, 270
„ Reckenzaun's secondary, 237
„ Reversible, 40
„ Schanschieff's, 202, 539, 545
„ Union, 138
„ Water primary, 98, 225, 250, 545
Bell Telephone Company, 639
Bennett, A. R., on metallic circuits for telephone lines, 560
Berthoud-Borel cables, 515
Bessbrook and Newry tramway, 574
Bever's high speed engine, 435
Big electrical litigation, 349
Blackpool electric tramway, 129, 193, 219, 221
Blakey-Emmott dynamos, 506
Blodgett, Geo. W., on the electric lighting of passenger trains, 57
Boiler contracts, 594
Bonta telephone, 235
Boss electric indicating bell, 39
Boston Electric Club, 40
Bradford post office, 269, 542
Bradley dynamo, 220
Brake tests, 88
Brighton electric railway, 27, 169, 269
British Association, 41, 195, 260, 285, 315, 342, 368, 443
„ „ grants, 324
„ „ Sketch of the principal electrical papers read before Section A of the, 312
British electricians in America and the Jubilee, 41
Brunel electrical distributor system, 7
Brush lighting in Austria, 65
Brussels Exhibition, 49, 518, 545
Bye products from primary batteries, 594

CABLE—
Antilles, 395
connection for Mauritius, 619
construction, Continental, 295
Formosa, 419
to Hawaii, 144
Henley's South American, 619
to Islay, 67
laying off China, 593
to Mauritius, 144
Pacific Ocean, 90
rates, Atlantic, 169, 196, 267, 278, 350, 468, 593
Repairing Atlantic, 217, 242, 295, 639
Tangiers, 446
tests, 146
West Coast of America, 295
West India and Panama, 20
Cables in Costa Rica, 245
„ Eastern, 493
„ between France and England, 419
„ Government and the, 493, 511, 591, 619
„ Italian, 566
„ New, 242
„ South American, 593
Callender's system of insulation, 544
Carbons, Manufacture of, 507
Cardew, P., on efficiency tests of a Gaulard and Gibbs transformer, 54
Carpenter's automatic electro-air brake, 60, 85
Carpentier's dead-beat electrometer, 91
„ electrically maintained pendulum, 156
Case's carbon primary battery, 283
Cash carriers, 621
Central station lighting company, An arbitrary, 225
„ „ „ by transformers, 454
„ „ „ in America, 540
„ „ Grosvenor Gallery, 2
„ „ in Liverpool, 447
„ „ „ Paris, 19
„ „ „ Philadelphia, 666
„ „ „ Pittsburgh, 667
„ „ „ Vienna, 121, 143, 492
